## About Me

Web developer and digital designer with 4 years of experience for national and international clients. Full-stack specialist in MERN environments (MongoDB, Express, React, and Node.js), proficient in JavaScript and TypeScript. Advanced user of Git, Next.js, and Sass.

## Experience

Ecuadorian Academy of Language [July 2021 – September 2024] [March 2025 – Present]

**Technologies: JavaScript, Node.js, Express, Next.js, Zustand, MongoDB, HTML5, CSS3, React Native.**

- Refactoring of legacy code developed in the WordPress CMS.
- Development of dynamic websites using the MERN stack, with emphasis on performance, flexibility, and scalability.
- Development of an Android application with UI/UX adapted from the web version, including dynamic search, filters, and database synchronization.
- Global state management. Deployment, documentation, and source code hosted in a private repository.

Quito International Book Festival [June 2020 – July 2020] [June 2021 – July 2021]

**Technologies: TypeScript, React Vite, HTML5, CSS3.**

- API integration in platforms for the management of cultural and academic events.
- Interface design with a mobile-first approach for static promotion and registration pages.
- Implementation and management of templates in PaaS environments.

Valeria Adalid (nutritionist) [December 2023 – March 2024]

**Technologies: Node.js, JavaScript, HTML5, CSS3.**

- API integration (PayPal, Google Cloud, Stripe, and Mercado Pago) and Webhooks (MailChimp, Trello, and WhatsApp) to automate functionalities such as authentication, encryption, payments, scheduling, and notifications.
- Dynamic development using the MERN stack, focusing on: role-based authorization, intuitive interfaces, and optimized service updates.

Valeria Guzmán Pérez (academic and writer) [May 2023 – January 2024]

**Technologies: JavaScript, HTML5, CSS3, React, Illustrator, Photoshop.**

- Migration of static websites to modern frontend frameworks, improving performance and user experience.
- Creation of coherent visual identities, including color palettes, typography, and design elements that reflect the brand's personality and values.
- Creation and management of social media strategies to grow and maintain active online communities.
